avyukt®

Avyukt Basmati Rice (A product of Maruti Agro Foods) from its inception has grown become a leader in the Rice Industry, and has become a name synonymous with prime quality products, peerless expertise and unmatched customer satisfaction.

Believing in our vision of truly understanding our customer's needs and acting on them, we ensure the highest quality attributes in Basmati Rice production. Our approach of continuously working at our quality standards both with existing and new products has significantly contributed to India's Agro-Economy and has also catapult to earn a trust worthy name in the Domestic Market.

We have a customer service division dedicated to providing proper extended services and to support each customer's demand. Under the guidance and direction of industry experts that lead to product research and development, we have employed experienced and competitive manpower, machineries and logistical supports compatible with modern software technology to maintain quality and delivery lead-time.

Quality Control And Storage

Customer satisfaction is our priority and the focus of all our strategies. We achieve this through a total commitment to quality. The impeccable quality of our products, our high hygiene standards and on time deliveries have earned us a name world over. It is with the backing of such rigorous processes, that we guarantee all our brands, bought at any point time, from any location of the world, will be 100% consistent and identical in all its attributes.

Our overall mission at the Quality Assurance department is to promote, encourage and support development of our products, the direction and approach of the divisions activities focuses on initiating change and providing the leadership necessary to make those changes.

Raw material is the base of any finished product that is why, we emphasize upon being careful right from the start.
